

MATERIAL SAFETY DATA SHEET

LUST Hydrate Shampoo

SECTION 1 – CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: LUST Hydrate Shampoo

Synonyms: NA

Chemical name: Hydrate Shampoo

COMPANY IDENTIFICATION:

Lust NZ Ltd

PO Box 5281

Frankton 3204, Hamilton, New Zealand

+64 7 8478350

SECTION 2 - HAZARD IDENTIFICATION

EMERGENCY OVERVIEW:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

POTENTIAL HEALTH EFFECTS:

Eye:

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

Skin:

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

Inhalation:

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

Ingestion:

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Ingredients: AQUA (WATER), COCO-GLUCOSIDE, ALOE BARBADENSIS LEAF EXTRACT, GINKGO BILOBA LEAF EXTRACT, AVENA SATIVA (OAT) KERNEL EXTRACT, SODIUM COCOYL GLYCINATE, COCO-BETAINE, VITIS VINIFERA (GRAPE) SEED OIL, POLYQUATERNIUM-10, HYDROXYPROPYL GUAR, FRAGRANCE, PHENOXYETHANOL

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

Eye:

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem:

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

Inhalation:

If respiratory irritation occurs, remove individual to fresh air.

Ingestion:

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

Flash Point: Not applicable.

Extinguishing Media: Use chemical foam, dry chemical, carbon dioxide or water.

Explosion Hazard: No applicable information has been found.

Fire Fighting Instructions: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

Procedures for Spill/Leak Clean-up:

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

Precautions for Safe Handling:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for Safe Storage:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Other Recommendations: None.

SECTION 8- EXPOSURE CONTROL / PERSONAL PROTECTION

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Color, Odor and Appearance: pale green, opaque liquid with aloe odor.	Melting Point: Not applicable
Physical State: Liquid.	Boiling Point: >212°F (100°C)
pH: 6.0±1	Solubility in Water: Slightly insoluble.
Flashpoint: Not applicable.	% VOC: Complies with Federal and State regulations for VOC content.
Vapor Density: Not applicable.	Specific Gravity: Not applicable.

SECTION 10 - STABILITY AND REACTIVITY DATA

Conditions to Avoid: No applicable information has been found.

Other Recommendations: None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are hazardous waste U205, according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - REGULATORY INFORMATION

WHMIS (Classification): Not controlled under WHMIS (Canada).

Other classifications:

HCS (U.S.A.): Not controlled under the HCS (United States).

This product is not classified according to the EU regulations.

International Regulations Lists: No products were found.

SECTION 16 - OTHER INFORMATION

The information contained herein is, to the best of our knowledge and belief, accurate and reliable as of the date issued. We do not however, warrant or guarantee the accuracy or reliability, nor shall we be liable for any loss or damage arising out of the use thereof. The information is offered for the user's consideration and examination, and it is the user's responsibility to satisfy himself that it is suitable and complete for his/her particular use.

MATERIAL SAFETY DATA SHEET

LUST Volume Shampoo

SECTION 1 – CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: LUST Volume Shampoo

Synonyms: NA

Chemical name: Volume Shampoo

COMPANY IDENTIFICATION:

Lust NZ Ltd

PO Box 5281

Frankton 3204, Hamilton, New Zealand

+64 7 8478350

SECTION 2 - HAZARD IDENTIFICATION

EMERGENCY OVERVIEW:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

POTENTIAL HEALTH EFFECTS:

Eye:

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

Skin:

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

Inhalation:

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

Ingestion:

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Ingredients: AQUA (WATER), COCO-GLUCOSIDE, LEMONGRASS OIL (CYMBOPOGON SCHOENANTHUS OIL), SODIUM COCOYL GLYCINATE, COCO-BETAINE, PEG-7 GLYCERYL COCOATE, CITRUS PARADISI (GRAPEFRUIT) FRUIT EXTRACT, ROSMARINUS OFFICINALIS (ROSEMARY) LEAF OIL, VITIS VINIFERA (GRAPE) SEED OIL, POLYQUATERNIUM-10, PHENOXYETHANOL

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

Eye:

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem:

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

Inhalation:

If respiratory irritation occurs, remove individual to fresh air.

Ingestion:

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

Flash Point: Not applicable.

Extinguishing Media: Use chemical foam, dry chemical, carbon dioxide or water.

Explosion Hazard: No applicable information has been found.

Fire Fighting Instructions: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

Procedures for Spill/Leak Clean-up:

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

Precautions for Safe Handling:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for Safe Storage:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Other Recommendations: None.

SECTION 8- EXPOSURE CONTROL / PERSONAL PROTECTION

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Color, Odor and Appearance: faint yellow, opaque liquid with Tagete Lemongrass odor.	Melting Point: Not applicable
Physical State: Liquid.	Boiling Point: >212°F (100°C)
pH: 6.0±1	Solubility in Water: Slightly insoluble.
Flashpoint: Not applicable.	% VOC: Complies with Federal and State regulations for VOC content.
Vapor Density: Not applicable.	Specific Gravity: Not applicable.

SECTION 10 - STABILITY AND REACTIVITY DATA

Conditions to Avoid: No applicable information has been found.

Other Recommendations: None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are hazardous waste U205, according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - REGULATORY INFORMATION

WHMIS (Classification): Not controlled under WHMIS (Canada).

Other classifications:

HCS (U.S.A.): Not controlled under the HCS (United States).

This product is not classified according to the EU regulations.

International Regulations Lists: No products were found.

SECTION 16 - OTHER INFORMATION

The information contained herein is, to the best of our knowledge and belief, accurate and reliable as of the date issued. We do not however, warrant or guarantee the accuracy or reliability, nor shall we be liable for any loss or damage arising out of the use thereof. The information is offered for the user's consideration and examination, and it is the user's responsibility to satisfy himself that it is suitable and complete for his/her particular use.

MATERIAL SAFETY DATA SHEET

LUST Volume Conditioner

SECTION 1 – CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: LUST Volume Conditioner

Synonyms: NA

Chemical name: Volume Conditioner

COMPANY IDENTIFICATION:

Lust NZ Ltd

PO Box 5281

Frankton 3204, Hamilton, New Zealand

+64 7 8478350

SECTION 2 - HAZARD IDENTIFICATION

EMERGENCY OVERVIEW:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

POTENTIAL HEALTH EFFECTS:

Eye:

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

Skin:

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

Inhalation:

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

Ingestion:

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Ingredients: AQUA (WATER), VITIS VINIFERA (GRAPE) SEED OIL, GLYCERYL STEARATE, LEMONGRASS OIL (CYMBOPOGON SCHOENANTHUS OIL), DIMETHICONE/SILSESQUIOXANE COPOLYMER, PEG-4 SORBITAN STEARATE, POLYOXYETHYLENE CETYL STEARYL DIETHER, JOJOBA OIL PEG-8 ESTERS, CETRIMONIUM CHLORIDE, HYALURONIC ACID, CITRUS PARADISI (GRAPEFRUIT) FRUIT EXTRACT, HYDROXYPROPYL GUAR, ROSMARINUS OFFICINALIS (ROSEMARY) LEAF OIL, PHENOXYETHANOL

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

Eye:

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem:

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

Inhalation:

If respiratory irritation occurs, remove individual to fresh air.

Ingestion:

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting.

Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

Flash Point: Not applicable.

Extinguishing Media: Use chemical foam, dry chemical, carbon dioxide or water.

Explosion Hazard: No applicable information has been found.

Fire Fighting Instructions: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

Procedures for Spill/Leak Clean-up:

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

Precautions for Safe Handling:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for Safe Storage:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Other Recommendations: None.

SECTION 8- EXPOSURE CONTROL / PERSONAL PROTECTION

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Color, Odor and Appearance: faint yellow, opaque cream with Tagete Lemongrass odor.	Melting Point: Not applicable
Physical State: Cream	Boiling Point: >212°F (100°C)
pH: 4.0±1	Solubility in Water: Slightly insoluble.
Flashpoint: Not applicable.	% VOC: Complies with Federal and State regulations for VOC content.
Vapor Density: Not applicable.	Specific Gravity: Not applicable.

SECTION 10 - STABILITY AND REACTIVITY DATA

Conditions to Avoid: No applicable information has been found.

Other Recommendations: None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are hazardous waste U205, according to Federal RCRA

regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - REGULATORY INFORMATION

WHMIS (Classification): Not controlled under WHMIS (Canada).

Other classifications:

HCS (U.S.A.): Not controlled under the HCS (United States).

This product is not classified according to the EU regulations.

International Regulations Lists: No products were found.

SECTION 16 - OTHER INFORMATION

The information contained herein is, to the best of our knowledge and belief, accurate and reliable as of the date issued. We do not however, warrant or guarantee the accuracy or reliability, nor shall we be liable for any loss or damage arising out of the use thereof. SECTION 2 - HAZARD IDENTIFICATION

EMERGENCY OVERVIEW:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

POTENTIAL HEALTH EFFECTS:

Eye:

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

Skin:

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

Inhalation:

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

Ingestion:

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Ingredients: AQUA (WATER), VITIS VINIFERA (GRAPE) SEED OIL, ROSA CENTIFOLIA FLOWER EXTRACT, GLYCERYL STEARATE, PEG-4 SORBITAN STEARATE, POLYOXYETHYLENE CETYL STEARYL DIETHER, DIMETHICONE/SILSESQUIOXANE COPOLYMER, CETRIMONIUM CHLORIDE, HYALURONIC ACID, HYDROXYPROPYL GUAR, ALOE BARBADENSIS LEAF EXTRACT, ROSMARINUS OFFICINALIS (ROSEMARY) LEAFOIL, GINKGO BILOBA LEAF EXTRACT, JOJOBA OIL PEG-8 ESTERS, FRAGRANCE, PHENOXYETHANOL.

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

Eye:

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem:

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

Inhalation:

If respiratory irritation occurs, remove individual to fresh air.

Ingestion:

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting.

Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

Flash Point: Not applicable.

Extinguishing Media: Use chemical foam, dry chemical, carbon dioxide or water.

Explosion Hazard: No applicable information has been found.

Fire Fighting Instructions: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

Procedures for Spill/Leak Clean-up:

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

Precautions for Safe Handling:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for Safe Storage:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Other Recommendations: None.

SECTION 8- EXPOSURE CONTROL / PERSONAL PROTECTION

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Color, Odor and Appearance: White, opaque cream with characteristic odor.	Melting Point: Not applicable
Physical State: Cream	Boiling Point: >212°F (100°C)
pH: 4.0±1	Solubility in Water: Slightly insoluble.
Flashpoint: Not applicable.	% VOC: Complies with Federal and State regulations for VOC content.
Vapor Density: Not applicable.	Specific Gravity: Not applicable.

SECTION 10 - STABILITY AND REACTIVITY DATA

Conditions to Avoid: No applicable information has been found.

Other Recommendations: None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form, when disposed as waste, are hazardous waste U205, according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - REGULATORY INFORMATION

WHMIS (Classification): Not controlled under WHMIS (Canada).

Other classifications:

HCS (U.S.A.): Not controlled under the HCS (United States).

This product is not classified according to the EU regulations.

International Regulations Lists: No products were found.

SECTION 16 - OTHER INFORMATION

The information contained herein is, to the best of our knowledge and belief, accurate and reliable as of the date issued. We do not however, warrant or guarantee the accuracy or reliability, nor shall we be liable for any loss or damage arising out of the use thereof. The information is offered for the user's consideration and examination, and it is the user's responsibility to satisfy himself that it is suitable and complete for his/her particular use.

MATERIAL SAFETY DATA SHEET

LUST Deep Cleanser Shampoo

SECTION 1 – CHEMICAL PRODUCT AND COMPANY IDENTIFICATION

Product Name: LUST Deep Cleanser Shampoo

Synonyms: NA

Chemical name: Deep Cleanser Shampoo

COMPANY IDENTIFICATION:

Lust NZ Ltd

PO Box 5281

Frankton 3204, Hamilton, New Zealand

+64 7 8478350

SECTION 2 - HAZARD IDENTIFICATION

EMERGENCY OVERVIEW:

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

POTENTIAL HEALTH EFFECTS:

Eye:

Contact may cause mild, transient irritation. Some redness and/or stinging may occur.

Skin:

Not expected to be irritating, sensitizing, photoallergenic or phototoxic when used as intended. If irritation occurs following intended use or prolonged contact it is expected to be mild and transient.

Inhalation:

Not expected to be irritating to the respiratory system. Not volatile therefore limited inhalation exposure anticipated.

Ingestion:

Product used as intended is not expected to cause gastrointestinal irritation. Accidental ingestion of undiluted product may cause mild gastrointestinal irritation with nausea, vomiting and diarrhea.

SECTION 3 - COMPOSITION AND INGREDIENTS

The complete ingredient list for the finished product(s) is as follows:

Ingredients: AQUA (WATER), COCO-GLUCOSIDE, COCO-BETAINE, SODIUM COCOYL GLYCINATE, GINKGO BILOBA LEAF EXTRACT, CITRUS PARADISI (GRAPEFRUIT) FRUIT EXTRACT, CITRUS AURANTIUM AMARA (BITTER ORANGE) FLOWER EXTRACT, HYDROLYZED SOY PROTEIN, LEMONGRASS OIL (CYMBOPOGON SCHOENANTHUS OIL), PANTHENOL, FRAGRANCE, VITIS VINIFERA (GRAPE) SEED OIL, POLYQUATERNIUM-10, HYDROXYPROPYL GUAR, PHENOXYETHANOL, EDTA.

The product(s) does not contain ingredients considered hazardous as defined by OSHA, 29 CFR 1910.1200 and/or WHMIS under the HPA.

SECTION 4 - FIRST AID MEASURES

Eye:

Thorough rinsing for 15-20 minutes of the affected eye with water is recommended. If discomfort or irritation persists, contact a physician.

Skin Problem:

Discontinue use of product. Apply cold compresses to affected areas to relieve any discomfort. If discomfort persists, contact a physician.

Inhalation:

If respiratory irritation occurs, remove individual to fresh air.

Ingestion:

Accidental ingestion of product may necessitate medical attention. In case of accidental ingestion dilute with fluids (water or milk) and treat symptomatically. Do not induce vomiting. Note: After first aid treatment, the caller should be advised that 1) a hospital emergency room or family physician should be consulted if anything unusual occurs or appears necessary in the judgment of the caller, and 2) that the subsequent management of the accident should be dictated by any persistent symptoms and under the direction of the physician.

SECTION 5 - FIRE FIGHTING MEASURES

Flash Point: Not applicable.

Extinguishing Media: Use chemical foam, dry chemical, carbon dioxide or water.

Explosion Hazard: No applicable information has been found.

Fire Fighting Instructions: Contact emergency personnel. Use self-contained breathing apparatus and full protective gear, if large quantities of product are involved. Hazardous decomposition products may be released. Thermal degradation may produce oxides of carbon and/or nitrogen; hydrocarbons and/or derivatives. Thermal degradation may also produce oxides of silicone.

SECTION 6- ACCIDENTAL RELEASE MEASURES

Procedures for Spill/Leak Clean-up:

For Household Settings: Absorb liquid and scrub the area with detergent. Dilute with water.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact.

SECTION 7 - HANDLING AND STORAGE

Precautions for Safe Handling:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Conditions for Safe Storage:

For Household Settings: No applicable information has been found.

For Non-Household Settings: No unusual handling or storage requirements. Storage in large quantities (as in warehouses) should be in a well-ventilated, cool area.

Other Recommendations: None.

SECTION 8- EXPOSURE CONTROL / PERSONAL PROTECTION

For Household Settings: This is a personal care or cosmetic product that is safe for consumers and other users under normal and reasonably foreseen use.

For Non-Household Settings: Use safety glasses or safety goggles if splash hazards exist; use gloves and other protective clothing (apron, boots, etc) to prevent skin contact. Always follow good hygienic work practices. Avoid prolonged contact with skin and clothing.

SECTION 9 - PHYSICAL AND CHEMICAL PROPERTIES

Color, Odor and Appearance: translucent liquid with Tagete Lemongrass odor.	Melting Point: Not applicable
Physical State: Liquid.	Boiling Point: >212°F (100°C)
pH: 6.0±1	Solubility in Water: Slightly insoluble.
Flashpoint: Not applicable.	% VOC: Complies with Federal and State regulations for VOC content.
Vapor Density: Not applicable.	Specific Gravity: Not applicable.

SECTION 10 - STABILITY AND REACTIVITY DATA

Conditions to Avoid: No applicable information has been found.

Other Recommendations: None.

SECTION 11 - TOXICOLOGICAL INFORMATION

This is a personal care or cosmetic product that is safe for consumers and other users under intended and reasonably foreseeable use. Additional information on toxicological endpoints is available from the supplier upon request.

Chronic Effects: Finished product is not expected to have chronic health effects.

Target Organs: No adverse health effects on target organs expected for finished product.

Carcinogenicity: Finished product is not expected to be carcinogenic.

NTP: No **IARC:** No **OSHA:** No

SECTION 12 - ECOLOGICAL INFORMATION

The product ingredients are expected to be safe for the environment at concentrations predicted under normal use and accidental spill scenarios. Packaging components are compatible with the conventional solid waste management practices. Additional information is available from the supplier on request.

SECTION 13 - DISPOSAL CONSIDERATIONS

Disposal should be in accordance with Federal, State/Provincial and Local regulations.

For Household Settings: The following instructions are for consumer usage only. Do not discharge product into natural waters without pre-treatment or adequate dilution.

For Non-Household Settings: Products covered by this MSDS, in their original form,

when disposed as waste, are hazardous waste U205, according to Federal RCRA regulations (40 CFR 261). Disposal should be in accordance with local, state and federal regulations.

California Waste Code: 331

SECTION 14 - TRANSPORT INFORMATION

Finished packaged product transported by ground (DOT): Non hazardous

Finished packaged product transported by vessel (IMDG): Non hazardous

Finished packaged product transported by air (IATA): Non hazardous

SECTION 15 - REGULATORY INFORMATION

WHMIS (Classification): Not controlled under WHMIS (Canada).

Other classifications:

HCS (U.S.A.): Not controlled under the HCS (United States).

This product is not classified according to the EU regulations.

International Regulations Lists: No products were found.

SAFETY DATA SHEET

Section 1. Identification of the material and the supplier

Product: LUST SHAMPOO BAR
 Product Use: Domestic toilet soap
 Company: Lust NZ Ltd
Address: PO Box 5281
 Frankton 3204, Hamilton,
 New Zealand
 Telephone: +64 7 8478350
 +64 7 8478350
Emergency Telephone:
 Date of SDS 17/9/2019
 Preparation:

Section 2. Composition / Information on Ingredients

This substance is not classified as a dangerous good according to NZS 5433:2007
 It is hazardous under the *HSNO (minimum degrees of hazard) Regulations 2001*.

Group Standard Cosmetic Products HSR002552

Hazardous Classifications: Eye Irritant– 6.4A

HSNO Classification	Hazard Code	Hazard Statement
---------------------	-------------	------------------

6.4A	H320	Causes eye irritation.
------	------	------------------------

Prevention Code	Prevention Statement
-----------------	----------------------

P103	Read label before use.
------	------------------------

Response code	Response Statement
---------------	--------------------

P305 + P351+P338	IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. IF eye irritation persists, get medical advice.
------------------	---

Section 3. Ingredients Identification

INCI
SODIUM OLIVATE
SODIUM COCOATE
SODIUM STEARATE
AQUA
GLYCERIN
CYMBOPOGON SCHOENANTHUS OIL
SODIUM CHLORIDE
VITIS VINIFERA SEED OIL
RICINUS COMMUNIS OIL
BETAINE
ARGANIA SPINOSA KERNEL OIL
SIMMONDSIA CHINENSIS SEED OIL
BUTYROSPERMUM PARKII BUTTER
HYRDOLYZED WHEAT PROTEIN
CTIRIC ACID
TETRASODIUM GLUTAMATE DIACETATE
CI 19140
CI 42090

Section 4. First Aid Measures

Routes of Exposure:

Eye	Flush with water for 15 minutes while holding eyelids open. If irritation continues seek medical attention
Skin	Unlikely to require attention
Ingestion	Immediately rinse mouth with several water mouth washes. If swallowed do not induce vomiting but seek medical advice if patient is distressed.
Inhalation	Not likely to be a problem

Section 5. Fire Fighting Measures

Hazard Type	Not Flammable or combustible
Hazards from decomposition products	No fire or explosion hazard
Suitable Extinguishing media	Coarse or fine water spray

Precautions for fire-fighters and special protective clothing	Treat fire as for surrounding combustible materials
HAZCHEM CODE	Not Flammable

Section 6. Accidental Release Measures

Land Spill

Minor spills should be swept up and discarded in domestic or trade waste refuse. Minor residues can be flushed away with copious amounts of water.

Contain major spills by bunding with sand, earth or sawdust. Physically transfer soap particles to a container for cleaning and re-use or removal by an approved waste removal company.

Caution: Spill area may be slippery

Section 7. Handling and Storage

Handling Advice:

Keep away from foodstuffs or animal feeds.

Storing Procedures:

Do not store alongside oxidizing agents or corrosive acids

Section 8 Exposure Controls / Personal Protection

Engineering Controls:

None

Personal Protective Equipment:

During persistent or prolonged use advisable to wear protective gloves to avoid defatting skin and cracking.

Section 9 Physical and Chemical Properties

Physical State:

Solid

Colour:

Odour:

pH:

8-10

Solubility:

Completely miscible with water

Melting point:

0 °C

Density:

Approximately 1.0

% Volatiles:

Nil

Section 10. Stability and Reactivity

Chemical Stability
Conditions to Avoid

Stable under normal conditions
Temperatures above 50 °C or below 0 °C

Incompatibility	Strong acids and alkalis and oxidizing substances
Hazardous Decomposition Products	Nil

Section 11 Toxicological Information

Acute Oral Toxicity	LD ₅₀ Rat (oral) > 5000 mg / kg
Acute Dermal Toxicity	LD ₅₀ Rat (dermal) > 5000 mg / kg
Eye Irritant	Will cause painful, but transient and reversible, eye irritation
Inhalation	Does not pose a risk
Long term Effects	None anticipated

Section 12. Ecotoxicological Information

Environmental Precautions	Non Hazardous
Ecological Toxicity	Non Hazardous
Environmental Fate ; <i>Soil</i>	<i>Not expected to persist in soil</i>
<i>Water</i>	<i>Non Hazardous</i>
Environmental Exposure Limits	EEL _{water} not known

Section 13. Disposal Considerations

Bulk empty containers should be triple water rinsed before being sent for recycling. Alternatively containers should be crushed or punctured before being sent to domestic or commercial disposal company.

Section 14 Transport Information

Not a dangerous good for road transport under NZS5433;2007	
<u>Rail Transport</u>	Non hazardous
<u>Marine Transport</u>	Non hazardous
<u>Air Transport</u>	Non hazardous

Section 15 Regulatory Information

ERMA approval under Group Standard "Cosmetic Products HSR002552
Hazardous Classification: Causes eye irritation - 6.4A

Section 16	Other Information
-------------------	--------------------------

1. HSNO Approved Code of Practice: Preparation of Safety Data Sheets, September 2006.
Disclaimer

This document has been compiled by TCC Ltd on behalf of the manufacturer of the product and serves as the manufacturer's Safety Data Sheet ('SDS'). It is based on information concerning the product which has been provided to TCC Ltd by the manufacturer or obtained from third party sources and is believed to represent the current state of knowledge as to the appropriate safety and handling precautions for the product at the time of issue. Further clarification regarding any aspect of the product should be obtained directly from the manufacturer. While TCC Ltd has taken all due care to include accurate and up-to-date information in this SDS, it does not provide any warranty as to accuracy or completeness. As far as lawfully possible, TCC Ltd accepts no liability for any loss, injury or damage (including consequential loss) which may be suffered or incurred by any person as a consequence of their reliance on the information contained in this SDS.

The information herein is given in good faith, but no warranty, express or implied is made.
